

Natural News!

From Natural Solutions by Anke, LLC

Volume 1, Issue 1

Welcome!

Welcome to the very first edition of Natural News! I am very excited to bring you news directly from Madison WI! In the past, you have received your newsletter from my colleagues in Bent Mountain, VA (thank you Marjorie and Dan!), and

thanks to you, my members, my business has grown large enough to warrant my own newsletter edition!

I welcome and encourage all feedback as I embark on this new venture in my business. Please let me know what YOU want to hear about.

Some features of 'Natural News' will be;

- 'Shaklee Spotlight' - Product features and news

- 'The Money Bag' - Special offers from Shaklee, and from Natural Solutions by Anke

- 'Where in the World is Anke?' - Anke's upcoming speaking engagements and seminars

- 'Time and Money Saver Tips' - Ways to save time and money using Shaklee products

- 'Member corner' - Testimonials from members about Shaklee products and services

- 'Forward and Happy' - Upcoming features in the next month's newsletter

Inside this issue:

<i>Welcome!</i>	1
<i>Shaklee Spotlight</i>	1&2
<i>The Money Bag</i>	2
<i>Where in the World is Anke?</i>	3
<i>Time and Money Saver Tips</i>	3
<i>Member Corner</i>	3&4
<i>Forward and Happy</i>	4

'Shaklee Spotlight' - NutriFeron™ and the 2006 Winter Olympics!

U.S. Ski Team Athletes Prepared for Torino With a Breakthrough Nutritional Supplement in Immune Science: Shaklee NutriFeron™ - A Must for Skiers on the Slopes

Pleasanton, California
Many of the U.S. athletes brought more than focus and determination to Torino. With transatlantic flights, little sleep, drastic temperature changes, and the stress of competition, they wouldn't hit the slopes without Nu-

triFeron, an immunity boosting supplement from Shaklee. The official immunity product of the U.S. Ski Team® and U.S. Snowboarding™, **NutriFeron** is another way for elite athletes to capture and keep the advantage. (Cont pg 2)

'Shaklee Spotlight' Continued from page 1

"The U.S. Ski Team and U.S. Snowboarders travel four to five months straight each year, flying to extreme weather conditions in many different countries. **NutriFeron** makes a big difference in strengthening their immune systems as they push through jet lag, extreme climates, and tough training,"* says Susie Simmons, United States Ski Association (USSA) Sports Dietitian & Physiologist. "They take **NutriFeron** with them wherever they are traveling to train and compete around the world."

Shaklee has been providing nutritional support for these two teams for the last two years. Susie Simmons gave to

someone we know a great example of what a difference these products have made. She said that one of the guys on the team said that something was wrong—he must not be training hard enough, because he wasn't in pain after training! This, of course, was due to the Physique. It showed up in other ways, too. As the 2006 Winter Olympics came to a close, the US had 10 "Shaklee powered" Olympic medals! Alpine skiing took 2 Gold, Freestyle skiing took 1 Bronze, and Snowboarding took 3 Gold, 3 Silver and 1 Bronze!

NutriFeron Information

As word spreads about NutriFeron, you can go to the web for new information and to learn about the role interferon plays in strengthening the body's natural defense systems. Visit www.immunityfacts.com. Also, www.nutriferon.com is updated with new facts about NutriFeron, Shaklee's important breakthrough in immunity protection.

'The Money Bag'—Free Shipping, AutoShip discounts, Free renewal, Performance Special

Free Shipping!

As most of you already know, I have changed how I help with the cost of Shaklee's shipping and handling. I am pleased to announce that starting March 1, 2006, I will offer FREE shipping for the first 10 days of every month! That's a savings of at least \$6.25 for your order! After the 10th of every month, you pay for the shipping and handling cost. In the past, I have always paid for 50% of all my member's shipping cost throughout the month, however I wanted to be able to do more! This way, I can! If you're afraid that you might forget to place an order during the free shipping period, why not set up an AUTOSHIP with Shaklee?

It's a simple, worry free way to get your products on time, every month, every other month, every three months, every six months or every year and ensure that your shipping is paid for! Some products are also discounted if you order them through AutoShip. For example, NutriFeron is 10% off when you order it through AutoShip. You can change the date/items/frequency at any time, or cancel altogether. You can also create several AutoShips if you order some things only every 2-12 months, and some things every month.. Just sign on at

www.naturalsolutionsbyanke.com and log in with your member number and password, and start shopping!

When you're done shopping, go to your shopping cart and upon checkout, select the option of putting your order on AutoShip and follow the directions, it's that easy!

Free Automatic Membership Renewal

With our new owner/CEO (Roger Barnett) has come many great decisions, and this is one of them! Now, if you've had 100PV (point volume) worth of orders shipped to you between July 1, 2005 and June 30, 2006, your membership is automatically renewed for free! This is cumulative PV, meaning it doesn't all have to have been in one order—it can be the PV from several orders added together.

Larger Size Performance Temporarily Available

Do you remember Performance Team Packs? Shaklee offered them a number of years ago, and they're considering offering them again. A team pack makes 5 gallons of Shaklee Performance, and they're perfect for 5-gallon beverage coolers. They are great to be used by sports teams, at sporting

events, at large group outings, etc. Or it's great if you just use it for yourself and your family and want the significantly lower cost per serving than the smaller canister currently available. The packs are packaged in a convenient plastic jar with a re-sealable cap.

Shaklee is currently accepting pre-orders through March 17, and the only way to order them is by

calling 1-800-SHAKLEE (742-5533). They are not orderable after 3/17, unless Shaklee sees that they get a response that warrants them offering the Team Packs as a permanent item in the future. Orders will be shipped mid-May.

Team Pack Lemon Lime or Orange prices are: \$40.45 SRP, \$34.40 MN, 16.17 PV.

'Where in the World is Anke?'

March 1, 2006 7-9 PM - 'Nutritional Help for Allergies and Asthma'

Join us at Mimosa Books and Gifts, 260 W. Gilman St Madison

Join us at Mimosa Books and Gifts, 260 W. Gilman St Madison

RSVP to Mimosa at 608-256-5432

Cost \$5.00 at the door

'Time and Money Saver Tips' - Spotlight on Basic-H®

Basic-H is worth \$10,490.00!

How could a seemingly innocent looking 16 oz bottle of Basic-H be worth all that? It's easy! Just compare;

One 16 oz bottle of concentrated Basic-H Liquid Cleaner

= 4.5 22 oz bottles of Simple Green

=2,910 26 oz bottles of Windex

=94 32 oz bottles of Fantastik

WOW! Not only do you have much more space under your sink without all those different cleaners, but you'd save approximately \$10,490.00!!!! Let Basic-H rescue your wallet!

Basic-H is easy to use

- For all purpose cleaner, just add ½ teaspoon to 16 oz of water
- For window cleaner, just add 2 drops to 16 oz of water

Basic-H also has hundreds of other great uses like mosquito repellent, automotive, camping care, and is non toxic and safe for the environment and you and your family!

'Member Corner' - Testimonials for Basic-H; NutriFeron

Basic-H and Mitch the dog

Basic H mixed for bug repellent has worked WONDERFUL on my dog. During the summer, he stays outside when I'm at work. In the past, the flies have literally chewed his ears raw. I've tried several different spray on chemicals along with ointments. The sprays never worked. The ointments worked, however my dog's

ears were always greasy making it difficult to keep his ears clean with the dirt that accumulated on them. Last summer I tried a mixture of Basic H, (1 part Basic H to 3 parts water). This is the second summer I've used it and he has no fly bites. His ears are clean and soft, not to mention he's chemical free. *-Thanks! to Julie Kutz, Prairie Du Sac, WI*

NutriFeron helps out in the Midwest!

We were on a family trip to Ohio in December 2005 to attend my God Daughters graduation from college. My niece was not able to attend because she thought she had food poisoning. Later that day she was feeling better, and both families went over to her apartment to visit, everyone had a great time! The next day (Sunday) we drove

**Protecting the Body, the Home, and
the Environment...Naturally!**

'Member Corner' Continued

home. On Monday everyone either went to work or school, and started dropping like flies! Out of ten people, 3 people came down with a headache and chills, 5 people were violently ill, and two people didn't get sick at all. Out of the people that had a headache and chills, one person took Shaklee Basics and NutriFeron, and the other two took Shaklee Basics. The people who didn't get sick at all, took Shaklee Basics and NutriFeron. The people who got violently ill, didn't take any Shaklee at all. So it seems that the NutriFeron and Shaklee users all either escaped the virus, or got milder symptoms than the ones who used no Shaklee at all!

Thanks Shaklee! --*Thanks!* to Kari Schraufnagel, Brooklyn, WI

'Forward and Happy' -Looking forward to the next issue of 'Natural News'!

- Celebrating Earth Day Every Day!
- Explanation of the 'Baker's Dozen';
- CD & Tape Program;
- Asthma and Allergies
