Get Green! Celebrating Earth Day Every Day

April 22nd is Earth Day. Long before caring for the environment was a universal concern, Shaklee Corporation founder and visionary Dr. Forrest C. Shaklee understood the profound responsibility we bear as citizens of the world. His vision and val-

ues are our guiding force, and his legacy is that we are as dedicated to his mission of creating Products in Harmony with Nature™ as he was when he first made that commitment — 50 years ago.

Because of Dr. Shaklee's foresight, Shaklee Corporation has been and always will be committed to meeting higher standards of environmental accountability. Not only are we a company that enhances lives by offering high-quality products and a unique earning opportunity, we are a company that makes the earth a

healthier place for all living things.

Earth Day is a national day of recognition, reminding the nation of the importance of caring for the Earth for generations to come. The 2006 Earth Day theme is "Plant it for the Planet." Dr. Shaklee's legacy — protecting the earth and providing a healthy home for our families — has continued for almost 50 years. We encourage you to understand the importance of a healthy home for your family.

'Shaklee Spotlight' - Top 5 Tips to Save the World and Save Money

1. By eating fish that are caught in an environmentally responsible manner, you can help keep the marine ecosystem healthy, without compromising freshness and taste. Which fish

are best and worst? Go to www.environmentaldefense.org to find out!

2. When you're next in the market for a car, choose the one in your

class with the highest fuel efficiency rating. You'll save money each time you fill up.

3. Check your tires once a month, since properly inflating (cont pg 2)

'Shaklee Spotlight' Continued

your tires improves gas mileage. According to DOE, under inflated tires waste more than two million gallons of gasoline a day. And they're also a safety hazard.

4. Using fluorescent lights can be a major factor in cutting greenhouse gas emissions. According to the Environmental Protection Agency, a new compact fluorescent bulb uses 75% less energy than a standard incandescent and lasts about 10 times as long.

5. You prevent waste and save money whenever you reduce your purchases of disposable and over packaged items or re-use more of what you already have. It's easy!

The 2006 Earth Day theme is "Plant it for the Planet." So here's a bonus tip! Plant a tree. Visit <http://www.americanforests.org/planttrees/howto.php> to ensure your tree lives a long and productive life!

'The Money Bag' ~ The Baker's Dozen, Free Shipping, CD and Tape Program

The Baker's Dozen

Remember getting that certificate in last month's newsletter? Well I hope you saved it because it could be worth \$100.00! Let me explain. Last month everyone received a Wildcard! Moving forward, every month you can earn a certificate when you or your group purchases 100 PV (product volume) in Shaklee products, you earn a certificate for that month, it's that easy! Collect 11 consecutive monthly certificates and you can redeem them for \$100.00 worth

of Shaklee products! Another way to earn \$100.00 worth of Shaklee products is to earn 12 certificates (not consecutive). Use your Wildcard certificate for either the 11 consecutive or the 12 non consecutive months! Look for your certificates each month in your monthly newsletter. If you're close to getting the 100 PV, I'll call you a week before the months ends so you can reach that 100 PV goal! For more in depth information on the Baker's Dozen, email or call me directly.

Free Shipping

Just a reminder that for the first 10 days of every month shipping is FREE! On the 11th of the month through the end of the month, shipping will then be absorbed 66% by the member!

Audio CD and Tape Program

Another way to earn \$100.00 worth of products! Just listen to 24 audio CD's or Tapes (your choice) over an 8 week period! What's more, you learn all

about protecting the environment and ways to promote and protect your friends and your families health. Make that drive time interesting, or your cooking time more captivating! You can even listen to them while running errands or exercising, whatever works for you. For more information about the program and to sign up, email or call me directly.

The 'Baker's Dozen', 'Free Shipping', and 'Audio CD and Tape Program' are all exclusive to Natural Solutions by Anke. Encourage your

I'd like to give you \$100.00, would you like to know how?

friends and families to become part of our group so they can take advantage of these great extra benefits as well!

Testimonial for the Tape Program

'I was skeptical that I could listen to all the tapes in an 8 week period. I'm a mom, and my errands only run me short distances, but they're frequent! I was amazed that I was able to listen to a tape every 2 days just by listening every time I was in the car, and I learned SO MUCH! It was worth just learning the information, and then to get \$100.00 on top of that was icing on the cake!' *Thanks to Michelle Josh, Clearwater, FL*

'Where in the World is Anke?' ~ Workshops and Seminars April/May

Workshop: Nutritional Solutions for Asthma and Allergies

Date: April 5, 2006 10:30 AM-12 PM

Cost: \$5.00

Location: Escape Java Joint 916 Williamson St Madison WI

RSVP: Duane or Greg at Escape Java 608-255-0997

Lunch and Learn: Home Safe

Home; bring your lunch and enjoy info on non toxic, effective and economical cleaning solutions for your home, family and environment

Date: April 12, 2006 noon to 1PM

Cost: Free

Location: 4425 Sentinel Pass Madison WI

RSVP: Anke Johnson 608-438-2229

Workshop: Laugh at Daily Stress!

Date: April 26, 2006 7-9 PM

Cost: \$5.00

Location: Mimosa Books and Gifts, 260 W Gilman St Madison WI

Cost: \$50.00 for all three nights

Location: The Secret Garden, located behind The Ultimate Spa Salon 5713 Monona Dr Madison, WI

RSVP: Anke Johnson 608-438-2229

Workshop: Smiling When You Step on the Scale

Date: May 24, 2006 7-9 PM

Cost: \$5.00

Location: Mimosa Books and Gifts, 260 W Gilman St Madison WI

RSVP: Mimosa Books and Gifts 608-256-5432

'Time and Money Saver Tips ~ Spotlight on Basic-G®

Basic-G is worth \$3792.93!

Last month we did a spotlight on Basic-H, Shaklee's all purpose cleaner. This month we did the same comparison with Basic-H's companion product Basic-G, and we also found a significant savings when you use Basic-G! Let's compare!

One quart of Basic-G gives you;

-372 22 oz. bottles of Lysol Antibacterial Cleaner

-454 18 oz. bottles of Clorox Disinfectant Spray.

tant Spray.

So doing the math, the 372 bottles of Lysol cost you \$1685.16. The 454 bottles of Clorox cost you \$2124.72. The Basic-G costs \$16.95 for the quart.

The end result? Basic-G saves you \$3792.93 and LOTS of under the counter space! It's also more effective and safer for your family and the environment than the Lysol and Clorox! Join us for the "Home Safe Home"

Documented Fact: Basic-G has a 3 day residual effect on germs, bleach has only a 1 hour residual effect

Lunch and Learn on April 12th to learn more! RSVP to Anke at 608-438-2229!

'Member Corner' ~ Testimonials for Nature Bright®, child with ADD/ADHD

NATURE BRIGHT CLEANS CORIAN

I'm always so excited when I discover another use for our wonderful Shaklee products. We have Corian counters and a corian sink in our kitchen. As anyone who has a white corian sink knows...it can get very stained. Of course At Ease will take out the stains but one day I got to thinking about our wonderful

Nature Bright. With all the super specials, I now have extra Nature Bright (thank you Shaklee)

Well, I sprinkled some Nature Bright on my sink surface (after I rinsed the sink out) and let it sit. A few minutes later, I came back, swished everything with my Super Sponge and NO MORE STAINS!!

Now I keep an old salt shaker full of

nature bright right on top on my sink and sprinkle my magic whenever I want!

Janet & Ken Daley
Shaklee products--taking the guesswork out of being healthy!

'Member Corner' Continued

Basic H and Basic G for ADD/ADHD child!

After Branden was diagnosed with ADD/ADHD at age 2 and prescribed Ritalin, I knew I had to do something to keep him off the drug. After researching, I found that Chlorine was listed as the #1 problem with these kids. I stopped using my favorite mountain-scented commercial cleaner and replaced it with Basic-H and Basic-G, I loved the way they smelled. After cleaning with the Shaklee products, Branden was almost instantly a different child! He would sit and watch a cartoon, and could concentrate long enough to do a puzzle! I switched to all the Shaklee cleaning and laundry products, as well as the supplements. The results have been amazing! Thanks to Shaklee, and the wonderful person who

introduced the products to us, Branden never did have to go on Ritalin!

Thanks to Kim!
